

## **Letter of Acceptance for the “beat the city” -series 2020**

I hereby declare that I have read the conditions of participation below as well as the general conditions of participation shown on our website and accept them as conditions of participation ([www.beatthecity.at](http://www.beatthecity.at)).

Should parts of these conditions be void or lifted, it does not affect the remaining parts of the same.

I am aware that, despite the safety precautions taken by the organizer, participation in the event is associated with high risk for the participants due to difficult track conditions and selective obstacles.

I am also aware that the associated risks are not comparable to those of other running events.

The organizer draws attention to the fact that injuries from falling, twisting, stumbling or slipping can occur when overcoming the obstacles.

There are also dangers posed by other participants who can jeopardize their fellow runners by falling or jumping.

The running pace and running behavior must be adapted to the visibility, the rush on the track and to each obstacle.

Due to the large number of participants, a clear view of the track cannot always be guaranteed.

In this case, the participant is prohibited from continuing to run at full speed. A reduction in running speed, depending on the nature of the track and visibility, must be observed.

With my registration I declare that I am aware of this increased risk and that my skills and my state of health are sufficient to guarantee safe participation in the "beat the city" -series.

I confirm that I have registered voluntarily. In any case, I will adapt my running behaviour to the local conditions as well as my own abilities and will follow the instructions of the organizer, his assistants and other persons entrusted with the race management.

I accept all competition rules that are announced and will strictly comply with all safety regulations, such as the obligation to enter the racetrack only with suitable clothing (e.g. running shoes or cross-running shoes, but no spikes) according to the written recommendations of the organizer.

I am at least 18 years old and act sensibly and responsibly.

Anyone born between June 20, 2002 and June 20, 2005 can only take part if these conditions of participation and declaration of consent have been signed by the parents and submitted at the latest when collecting the starting number.

Furthermore, I have informed my companion about the safety devices and general rules.

With my registration and this declaration, I explicitly waive any right of action or recourse against the organizer, his agents and property owners for all in connection with the implementation of the respective accidents or damages suffered, in particular within the scope of the event in question, provided that the accident or damage is not demonstrably based on intent or gross negligence.

If the organizer is obliged to make changes in the implementation of the event in case of force majeure or due to an official order or for security reasons, for example due to "imminent danger" (storms, terrorism, etc.), to postpone or cancel the event, the organizer is not obliged to compensate the participant.

If for whatever reason a participant does not start or if he/she declares his/her non-participation to the organizer prior to the event, the organizer is not entitled to reimburse the participant.

I agree that recordings that are made of me (videos, photos, interviews) may be used for the entire "beat the city " -series, online, editorially in the media, for advertising / PR, in books or photomechanical reproductions (films, videos, etc.), without compensation claims on my part.

These recordings can also be used without compensation to sponsor partners for their internal communication & documentation.

I agree to receive event-related information by email.

Only the organizer will send such relevant information.

Personal data, in particular email addresses, will not be passed on to third parties other than those mentioned under (3) (4) (5) in the general conditions of participation.

I have read the text and have taken full note of it.
